## Horizons 2012

Just as the Hawaiian's and Samoan's paddled their way across the Pacific Ocean, GWRRA members can paddle their way through the initial maze of rallies, chapter visits, group rides and other helpful information given through the Horizons Program.

In this fun-filled program lasting a day and a half, Wingers learn the core values of the GWRRA organization, how to work as a team and how to have more fun than a motorcycle owner should have off the bike.

Come on out to the Horizon Program to learn "*Samoa*" about GWRRA.
